This teak dining room table with beautiful stone inlay comfortably seats 6 (6 teak upholstered chairs included), and can accommodate 8 or maybe more. With both leaves up its 102" x 35". With both leaves down it's 63" x 35". We usually keep one leaf up. The stone inlay makes this a very heavy table and it's very attractive. We are downsizing and are very motivated to sell. Must be able to pick up in Pinellas Park.
