never been started since top end rebuild. new oem cylinder piston,rings new aftermarket radiator new mikuni carb brand new chain. new oem reed valve. new oem expansion chamber. dg silencer. its missing the reed valve to carb boot and expansion chamber to engine connection piece. the clutch lever is cracked and front brake has reservoir bolt broke of in it. the bike ran perfect until some idiot tried to steal it and blew it up. ive since been rebuilding it and i have to move so it needs a new home.i love this bike its a champion. always been reliable has the pro x suspension. its a complete bike minus the 2 listed needs some paint but frame trans suspension rims bars are all solid. when its running its a mean soab. its a rare bike and it belongs to someone who respects and knows old 2 strokes. trades considered but id really like cash.
